

Honorable Mention
Construct Studio, Lexington, MA
Design Team: Leno E. Filippi and Evan Hickey

Jury Comments

While this scheme was not the most successful architectural concept, it answered the call for ideas that would expand the library and the competition to rethink the way that the project can be developed. It points the way for a possible partnership with outside funders and asks the town to think about the uses and residents of the Woburn center.

- Sherida Paulsen

Ambitious in reclaiming the vitality of the area/neighborhood around the library to expand the Downtown and provide additional, new and needed amenities and services

-Gretchen J. Von Grossmann
